Subject: MQCCC

I need to send an email to John and Nancy at SBO telling them that DCH is ok with restoring the MQCCC funding if the Senate and SBO can figure out a way to make it ok with the House. He wanted me to confirm since we had originally put this in our massive reduction proposals we forwarded to SBO before the Executive Recommendation came out.

Based on your comments in the Director's Cabinet meeting yesterday I believe you are fine with this.
